THE CHES DAVIS COM-
PANY MADE GOOD.

The Ches Davis show, which opened for a three-night engagement at the Colonial Theater last night, disappointed no one in the least, for it was one of the cleanest little shows that ever appeared in Bryan. The singing is fine, the dancing is excellent, and Mr. Davis as a black-face comedian has no superior any where or at any time. The Imperial Male Quartet was one of the best ever heard anywhere, in fact, the show measures up to the highest expectation in every particular. It is a nice, clean attraction, composed of clever ladies and gentlemen, and the show deserves a good patronage.

The house was pretty well filled last night, and will no doubt be full tonight. There will be a matinee tomorrow afternoon and the company closes its engagement tomorrow night. If you love good, clean, wholesome comedy go to see Ches Davis and his superb company and you will see the best.

DIED IN MISSISSIPPI.

Mrs. Mary Emmel, Mother of Messrs. Emmel of Bryan Passed Away.

Ollie Emmel received a message late Thursday evening announcing the death of his mother at Fenwood, Miss., and he left on the first train for that place. Ed Emmel was called to New Orleans last week to see his mother, who was in a sanitarium in that city for treatment and she was thought to be improving and was carried to her home at Fenwood, where she grew worse, death resulting at the hour mentioned.

Mrs. Mary Emmel was aged 65 years, a member of the German Lutheran Church, a devout Christian mother, and her demise was a great sorrow to her children and many friends. She leaves four children, Messrs. Ed and Ollie Emmel of Bryan, Bob Emmel of Martindale, Tex., and one daughter, Mrs. Will Kellner of Fenwood, Miss., with whom she was making her home when she died.

Funeral and burial services will be held Saturday afternoon at Magnolia, Miss., her former home. The many friends of the Messrs. Emmel in Bryan offer sincere condolence in their dark and trying hours. May He who doeth all things well give them comfort in their affliction.
